2. **Build the shop network tier by tier** — 1,030 shops
   9 Tier-1 cities in Q1, then 21, 73 and 115 more by Q4, with 20 field officers and 25 distributors.

WisdomUp 2027 plan. Shops per month = planned retail revenue ÷ PKR 60,000. A gate missed by more than 25% pauses the next tier's hiring and moves spend to activating existing shops.

03 · THE PLAN · HOW WE SELL

05 · NEXT STEPS

Six decisions to **start in January**

01

Confirm the shop economics

Check PKR 60,000 a month per active shop against what shops buy today; at PKR 45,000, December lands near PKR 8.5 crore.

02

Approve the funding

PKR 25 crore of peak working capital and a PKR 22.5 crore operating budget for 2027, about equal to gross profit; first profitable month October.

03

Hire the sales leadership

A country sales head and 4 regional managers in post in January, so Tier-1 activation starts before Ramadan.

04

Lock the launch range and prices

120 SKUs in three price tiers, entry level with the cheapest rival; open with a 45W charger, a 10K power bank, a Core TWS and one smartwatch.

05

Fix wisdomup.pk before ad spend

Canonical domain, server-rendered listings, phone code and COD messaging from the audit's P0 list.

06

Add Islamabad and AJK to the list

Islamabad (2.4 M) into Tier 1 alongside Rawalpindi; Muzaffarabad and Mirpur into Tier 3.
